Product Description

Product Description:

3000lm COB LED Module For Commercial Lighting Solutions

COB LED Module is a 50-watt LED COB chip with a wide range of color temperatures from 1400K to 6000K. It is designed with an aluminum material for superior durability and is IP65 rated for water and dust resistance. The COB LED type offers a uniform light source with excellent color rendering, along with a long lifespan and low energy consumption. With its superior optical performance and high efficiency, the COB LED Module provides a perfect solution for lighting applications.

Features:

Product Name: COB LED Module

Material: Aluminum

Full Spectrum Cob Led: COB LED Chip

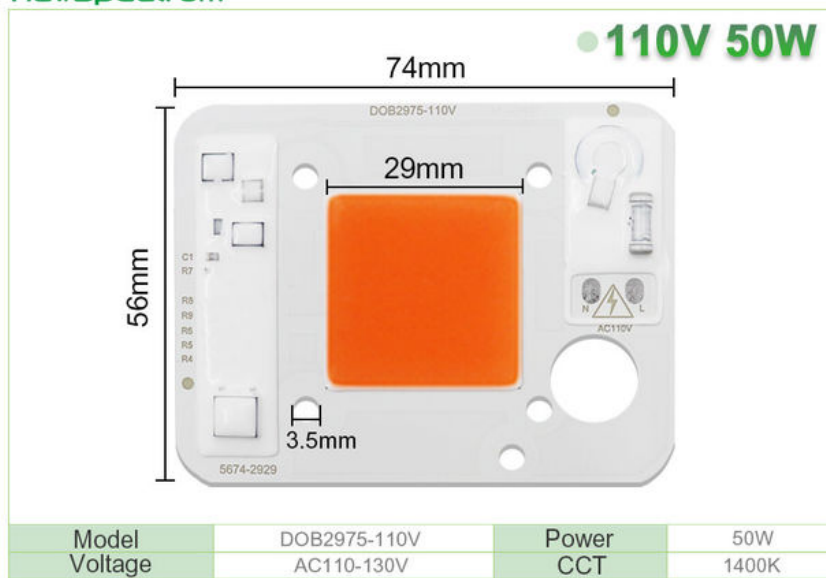

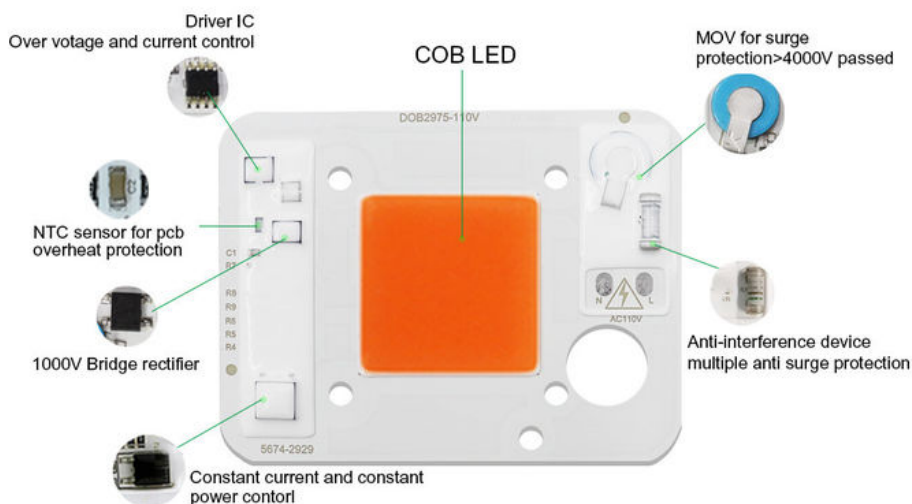

Color Temperature: 3000K/4000K/6000K

Warm White Led Module: 50,000 Hours Lifespan

Beam Angle: 120°

CRI: Ra>80

Applications:

COB LED Module is a perfect choice for lighting applications, offering warm white full spectrum lighting with a 50W chip LED. It is designed with IP65 waterproof grade, and the robust aluminum body ensures durability and long-term use. The beam angle of 120° ensures wide coverage, while the AC220-240V voltage makes it suitable for a variety of locations. The COB LED type provides high-quality lighting and superior performance, making it an ideal choice for both residential and commercial applications.
