

LM301B Samsung LED Quantum Board AC100-277V With 544pcs LEDs

Our Product Introduction

Basic Information

- Place of Origin: Shenzhen, CHINA
- Brand Name: newspectrum
- Model Number: QBGROW 220-150
- Minimum Order Quantity: 100pcs
- Price: Negotiable
- Packaging Details: Antistatic bag, boxes in carton.
- Delivery Time: 3-8 workdays
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 50000pcs/m

Product Specification

- LED Quantity: 544pcs
- LED Type: LM301B
- Driver Model: HLG-120H-C1400B
- Input Voltage: AC100-277V
- LED Brand: Samsung
- Warranty: 3 Years
- Lifespan: 50,000hrs
- Power: 150W
- Highlight: **LM301B Samsung LED Quantum Board,**
120pcs Samsung LED Quantum Board

Product Description

Product Description:

LED Quantum Board Lighting is a high-performance lighting solution that offers superior performance, reliability and energy efficiency. It features a DC54-60V output voltage, 14400lm brightness, an operating temperature range of -20°C to 60°C, and a 3-year warranty. Additionally, it is equipped with a driver model of HLG-120H-C1400B, which ensures reliable power supply and long-lasting performance. LED Quantum Board Lighting is the ideal choice for a wide range of indoor and outdoor applications, providing superior illumination and energy savings.

Features:

Product Name: LED Quantum Board
Driver Brand: Meanwell
Warranty: 3 Years
Input Voltage: AC100-277V
LED Type: LM301B
LED Brand: Samsung
High-Performance LED Quantum Board Lighting
Excellent Light Quality LED Quantum Board Lighting
Long-Lasting LED Quantum Board Lighting

Technical Parameters:

Parameter	Details
Driver Brand	Meanwell
Output Voltage	DC54-60V
LED Brand	Samsung
Lumen	14400lm
Driver Model	HLG-120H-C1400B
LED Quantity	544pcs
Size	450*300*2.0mm
Lifespan	50,000hrs
Warranty	3 Years
LED Type	LM301B

Applications:

LED Quantum Board Lighting is an ideal lighting solution for commercial, residential, and industrial applications. It comes with LED Type LM301B, Input Voltage AC100-277V, Output Voltage DC54-60V, and 3 Years Warranty. The LED in the Quantum Board Lighting is made of Samsung, which is one of the most reliable LED brands on the market. It provides bright, efficient, and consistent lighting performance with a long service life. This Quantum Board Lighting is perfect for any indoor or outdoor application, such as in offices, shops, restaurants, or warehouses. It also has excellent heat dissipation and is resistant to dust, water, and corrosion. With its high light output, low power consumption, and long lifespan, the LED Quantum Board Lighting is an excellent choice for any lighting project.

Customization:

LED Quantum Board Lighting

At LED Quantum Board Lighting, we provide custom service for our LED Quantum Board Lighting products. Our LED Quantum Board Lighting features the following attributes:

Operating Temperature: -20°C~60°C

Output Voltage: DC54-60V

Input Voltage: AC100-277V

LED Quantity: 544pcs

Power Factor: >0.95

Our LED Quantum Board Lighting provides strong and reliable light source for your needs. Contact us today to learn more about our custom LED Quantum Board Lighting service.

Support and Services:

LED Quantum Board technology support and services include:
Troubleshooting and repair of existing LED Quantum Board systems
Technical assistance in selecting, installing, and maintaining LED Quantum Board systems
Software and firmware updates for LED Quantum Board systems
Technical support for LED Quantum Board applications
Consulting and training services for LED Quantum Board systems
