

Luminous Flux 250lm COB LED Module 40mm*60mm For Energy-Efficient lighting Solutions

Our Product Introduction

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Newspectrum
- Model Number: NEW4060
- Minimum Order Quantity: 100pcs
- Price: Negotiable
- Packaging Details: Antistatic bag, boxes in carton.
- Delivery Time: 3-8 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 5000pcs/day

Product Specification

- Product Name: COB LED Module
- Power: 20W/30W/50W
- IP Rating: IP20
- Lifespan: 50,000hrs
- CRI: >80
- Dimmable: Yes
- Color Temperature: 3000K/4000K/6000K
- Voltage: AC 220V-240V
- Highlight: **250lm COB LED Module, COB LED Module For Lighting Solutions**

Product Description

Product Description:

The COB LED Module is an advanced lighting solution that offers up to 50,000 hours of long-lasting and efficient lighting. It delivers a high Color Rendering Index (CRI) of greater than 80, and its wide operating temperature range from -20 to 60°C allows it to be used in many different applications. The module offers a maximum luminous flux of 250lm, and its small size of 50*50mm makes it perfect for tight spaces. This COB LED Lighting Module is an excellent choice for a variety of applications, offering an efficient, long-lasting, and reliable lighting solution.

Features:

Product Name: COB LED Module

Size: 40mm*60mm*1.6mm

Material: Aluminum

Luminous Flux: 250lm

Beam Angle: 120°

Dimmable: Yes

Technical Parameters:

Parameter	Details
Product Name	COB LED Module
Voltage	DC12V
IP Rating	IP20
Beam Angle	120°
Luminous Flux	250lm
Material	Aluminum
Dimmable	Yes
Color Temperature	3000K/4000K/6000K
Size	40mm*60mm
Working Temperature	-20~+60°C

Applications:

COB LED Module is a revolutionary lighting technology that offers superior brightness and power efficiency, with a working temperature range of -20 to +60°C and a CRI of over 80. Its IP20 rating ensures it is protected against water spray and dust, making it suitable for use in a wide range of indoor and outdoor applications. Thanks to its low voltage input of DC12V, it is incredibly safe and energy efficient, making it an ideal lighting solution for areas where safety is of paramount importance. COB LED Module is the perfect choice for residential, commercial and industrial lighting, offering superior brightness and energy efficiency to ensure maximum illumination with minimum power consumption.

Customization:

COB LED Lighting Module Customization Service

We offer customization service for COB LED Lighting Module, with various options to choose from.

Material: Aluminum

Color Temperature: 3000K/4000K/6000K

Warranty: 2 Years

Beam Angle: 120°

Voltage: AC 220V-240V

We guarantee the best quality and service for COB LED Lighting Module customization.

Support and Services:

Our COB LED Module comes with a comprehensive technical support and service. We offer the following services:

Unlimited technical support and advice via email, telephone or chat

Replacement parts or replacements for defective products

Repair services
Installation and maintenance services
Training and support for using the product
